

## The Fulton County Chamber of Commerce & Tourism

### Excellence in Small Business Award Nomination

The Awards Committee of the Fulton County Chamber of Commerce & Tourism is requesting your involvement in nominating a local business for the Excellence in Small Business Award. The award will be presented at our Annual Award Celebration.

The category provides public recognition for the accomplishments of small businesses, those employing twenty-five or fewer full-time employees. This category requires demonstration of growth, overall stability, a positive community image, leadership and civic involvement. Nominees do not have to be a member of the Fulton County Chamber of Commerce & Tourism, but must be a Fulton County business. Applications will be judged by a committee or impartial business leaders outside the county who have been selected for their professionalism and experience.
